

PHYSICAL EDUCATION (048)

Sample Question Paper (Predicted) 2025-26

Max Marks: 70

Time: 3 Hours

SECTION A: MULTIPLE CHOICE QUESTIONS (18 MARKS)

- Which one of the following is a post-competition responsibility of the technical committee?
(a) Marketing (b) Announcement of events
(c) Settlement of disputes (d) Maintenance of the field
- What is the formula to calculate the number of matches in a Knock-out tournament for 'N' teams?
(a) $N-1$ (b) $N+1$
(c) $N(N-1)/2$ (d) N^2
- [Visual Recognition]** Identify the Asana shown in an image where the person is lying on stomach with chest raised:
(a) Bhujangasana (b) Shalabhasana
(c) Vakrasana (d) Tadasana
- Who was the founder of the Special Olympics?
(a) Eunice Kennedy Shriver (b) Ludwig Guttmann
(c) Pierre de Coubertin (d) Sir John Dowling
- Newton's First Law of Motion is also known as the Law of:
(a) Inertia (b) Acceleration
(c) Action-Reaction (d) Gravity
- Which test is used to measure upper body flexibility in Senior Citizens?
(a) Chair Stand Test (b) Arm Curl Test
(c) Back Scratch Test (d) Six Minute Walk Test
- Deficiency of which vitamin causes Night Blindness?
(a) Vitamin A (b) Vitamin B
(c) Vitamin C (d) Vitamin K
- According to the Big Five Theory, which trait represents a person who is social and talkative?
(a) Neuroticism (b) Extroversion
(c) Agreeableness (d) Conscientiousness
- Fartlek Training is primarily used to develop:
(a) Strength (b) Speed
(c) Endurance (d) Flexibility
- A fracture where the bone breaks diagonally across the bone is:
(a) Greenstick (b) Comminuted
(c) Transverse (d) Oblique

SECTION B: VERY SHORT ANSWER QUESTIONS (12 MARKS)

- Differentiate between Macro and Micro Nutrients with one example of each. (2)

12. List any four asanas that are helpful in curing Asthma. (2)
13. What is the purpose of the Flamingo Balance Test in the SAI Khelo India battery? (2)
14. Explain the term 'Menarche' and its significance in women's sports. (2)
15. Differentiate between Isometric and Isotonic exercises with examples. (2)
16. State any two objectives of Intramural tournaments. (2)

SECTION C: SHORT ANSWER QUESTIONS (15 MARKS)

17. Explain the procedure and benefits of any one asana used to cure Back Pain. (3)
18. Compare and contrast Knock-out and League tournaments based on their merits. (3)
19. Write the advantages and disadvantages of friction in sports with suitable examples. (3)
20. Elucidate any three physiological changes that occur in the cardiovascular system due to ageing. (3)
21. Suggest strategies to make physical activities accessible for Children with Special Needs (CWSN). (3)

SECTION D: CASE STUDY QUESTIONS (12 MARKS)

22. Tournament Case Study: An organizer is planning a Knock-out tournament for 21 teams. Answer the following:

- (i) How many matches will be played in total?
- (ii) Calculate the number of byes to be given in the Lower Half.
- (iii) How many rounds will take place in this tournament?
- (iv) Define 'Seeding' and why it is used in fixtures.

23. Biomechanics Case Study: Observe a high-jumper or a swimmer in action. Based on Newton's Laws:

- (i) Which law is applied when a swimmer pushes water backward to move forward?
- (ii) Define the Law of Inertia in the context of football.
- (iii) Explain how the Law of Acceleration applies when the mass of an object is reduced.

24. Inclusive Organizations: Observe the logo of the 'Agitos' (three crescents) or the Special Olympics figure:

- (i) Identify the organization represented by the logo.
- (ii) Who is considered the pioneer/founder of this specific movement?
- (iii) What is the core motto of this organization?
- (iv) Mention one physical benefit for CWSN participating in these games.

SECTION E: LONG ANSWER QUESTIONS (15 MARKS)

25. Draw a fixture for 19 teams using the Knock-out method. Clearly distribute byes and show the seeding of four teams. (5)
26. What is Hypertension? Describe the procedure, benefits, and contraindications of Tadasana and Bhujangasana to manage it. (5)
27. Define Endurance. Explain the Continuous and Interval Training methods used to develop endurance in detail. (5)
28. Explain the Big Five Theory of Personality (OCEAN) with the characteristics of each trait. (5)
