

ECONOMICS CLASS 12 BOARDS

🔥 Top Repeated Questions (Analysis: 2023, 2024, 2025)

MACROECONOMICS

Part 1: National Income & Employment

- **Numerical:** Calculate **percentage change in Real GDP** using Nominal GDP and price index.
- **Numerical:** Calculate **Net Value Added at Factor Cost (NVA_{fc})** or Sales from value-added data.
- **Theory:** State the steps and precautions for estimating National Income (Income/Expenditure/Production method).
- **Treatment:** How to treat specific items in National Income (e.g., Profits of foreign banks, upgrade of fixed assets).
- **Equilibrium:** Explain impact on output/income when **Ex-ante AD > Ex-ante AS**.
- **Saving/Consumption:** Calculate Equilibrium Income or Break-even level given MPC/MPS and autonomous consumption.

Part 2: Money, Banking & Policy

- **Monetary Policy:** Correction of Deficient/Excess demand using Repo Rate, Margin Requirements, and OMO.
- **Banking:** Explain the **Credit Creation process** with a suitable numerical illustration.
- **Central Bank:** Explain "Banker's Bank and Supervisor" or "Issuer of currency" functions.

Part 3: Budget, BoP & Exchange Rates

- **Budget:** Identify objectives like 'stabilisation', 'reallocation of resources', and 'reducing inequalities'.
- **Taxation:** Distinguish between Direct vs. Indirect taxes and Revenue vs. Capital Receipts.
- **BoP:** Distinguish **Accommodating Transactions** from Autonomous Transactions.
- **Exchange:** Determination of exchange rate under the **flexible exchange rate system**.

Part 1: Colonial Era & Reforms

- **Colonial Rule:** Explain the two-fold motive of British rule in de-industrialisation.
- **1991 Reforms:** Analysis of adverse impacts on the **agricultural sector**.
- **Substitution:** Justify why "Import Substitution" can be a double-edged sword.

Part 2: Current Challenges

- **Rural:** Importance of micro-credit (SHGs) and the necessity of **agricultural diversification**.
- **Employment:** Justify generating jobs in the **formal sector** vs. informal sector.
- **Capital:** Distinguish between Human Capital vs. Physical Capital and Human Capital vs. Human Development.
- **Environment:** Define Sustainable Development and state strategies (Organic farming, Wind energy).

Part 3: Comparative Analysis

- **Data Interpretation:** Analysis of GDP growth, sectoral contribution, and demographic indicators of India, China, and Pakistan.
- **Policy Comparison:** Common developmental strategies followed by India and Pakistan post-1947.
- **Pakistan:** Discuss reasons for slow economic growth in Pakistan.
