

CLASS 12 GEOGRAPHY: MUST-MASTER REPEATED TOPICS

Based on Frequency Analysis of All 8 Years/Sets (2022-2024)

1. Factors Influencing Population Distribution (World)

100% REPEAT (4/4 PAPERS)

This is the single most consistent theory question. It appears as a 3 or 5-mark question in every set.

- **Geographical Factors:** Water availability, Landforms, Climate, Soils.
- **Economic Factors:** Minerals, Urbanisation, Industrialisation.
- **Social/Cultural Factors:** Religious or cultural significance, political unrest.

"Analyse any five factors affecting world distribution of population." OR "Examine the role of climate, water availability and soil fertility on the distribution of world population."

2. World Map: Transport and Primary Activities

ANNUAL FEATURE

Map Question (Q.29) follows an identical pattern every year focusing on transport and resource locations.

Common Map Items:

- **Trans-Continental Railways:** Terminal Stations of Trans-Siberian or Trans-Canadian Railways.
- **Primary Activities:** Areas of Nomadic Herding, Extensive Commercial Grain Farming.
- **Nodes:** Major Sea Ports (Hamburg, Valparaiso) and International Airports (Tokyo, Mexico City).

3. India Map: Minerals, Energy, and Population

ANNUAL FEATURE

India Map Question (Q.30) consistently focuses on demographics and resource hubs.

Most Frequent Markers:

- **Mines & Refineries:** Bailadila/Mayurbhanj (Iron Ore), Copper/Bauxite mines, Oil Refineries (UP/Bihar).
- **Demographics:** State with the **Highest Population Density** (Bihar) or Highest Literacy.
- **Transport:** Kochi, Kandla, Mumbai (Ports); Delhi, Chennai (Airports).

4. Trans-Continental Railways (Theory)

HIGH FREQUENCY (5 MARKS)

Beyond map work, detailed characteristics of specific railway lines are often asked.

- **Trans-Canadian Railway:** Links Halifax to Vancouver; importance for wheat and meat exports.
- **Trans-Siberian Railway:** Links St. Petersburg to Vladivostok; longest line; double-tracked and electrified.

5. Human Development: Pillars and Approaches

REPEATED CONCEPT

Appears as a direct theory question or source-based study.

- **Pillars:** Equity, Sustainability, Productivity, Empowerment.
- **Approaches:** Income, Welfare, Basic Needs, Capability (Mahbub ul Haq vs Amartya Sen).

6. India: Trends of Urbanisation (Data-Based)

SOURCE-BASED REPEAT

A specific table regarding "India – Trends of Urbanisation" (1931 to 2001) is used frequently for case-study questions.

- Be prepared to calculate the decennial growth percentage.
- Analyze why the urban population grew rapidly after 1947.
- Identify the census year with the lowest/highest urban growth.
