

MINDMASTER THUNDERSTUDY ACADEMY

PHYSICAL EDUCATION THEORY (MOCK TEST 2026-27)

Max Marks: 70

Duration: 3 Hours

Class: XII

General Instructions:

1. The question paper consists of 5 sections and 37 Questions.
2. **Section A:** Questions 1-18 are Multiple Choice Questions (1 Mark each).
3. **Section B:** Questions 19-24 are Very Short Answer type (2 Marks each).
4. **Section C:** Questions 25-30 are Short Answer type (3 Marks each).
5. **Section D:** Questions 31-33 are Case Studies (4 Marks each).
6. **Section E:** Questions 34-37 are Long Answer type (5 Marks each).

SECTION – A (MULTIPLE CHOICE QUESTIONS)

1. Which of the following Pranayama is helpful to reduce obesity? (1)
(A) Kapalbhati (B) Anulom Vilom
(C) Suryabhedan (D) Sitili
2. The International Paralympic Committee (IPC) was formed in: (1)
(A) 1985 (B) 2003
(C) 1989 (D) 2001
3. Which of the following is NOT a cause of Food Intolerance? (1)
(A) Toxins due to food poisoning (B) Absence of an enzyme
(C) Roughage (D) Gluten
4. Which law of motion indicates that "A golf ball remains at rest until it is struck by a golf club"? (1)
(A) Law of Inertia (B) Law of Acceleration
(C) Law of Gravity (D) Law of Reaction
5. In the Deaflympics logo, the four regional confederations are represented by which colours? (1)
(A) Red, blue, black, yellow (B) Red, blue, yellow, green
(C) Blue, yellow, black, red (D) Blue, black, red, yellow
6. Identify the Asana shown in the image (or described as looking like a Cobra): (1)
(A) Bhujangasana (B) Halasana
(C) Vajrasana (D) Dhanurasana
7. Which test is used to measure upper body strength for senior citizens? (1)
(A) Chair Stand Test (B) Arm Curl Test

(C) Back Scratch Test

(D) Six Minute Walk Test

8. Friction is a force that acts in which direction to the motion? (1)
- (A) Same direction (B) Opposite direction
(C) Perpendicular (D) None of the above

Note: Questions 9-18 comprise additional MCQ concepts covered in the syllabus based on previous years' patterns including Sports Management, Biomechanics, and Psychology.

SECTION – B (VERY SHORT ANSWER TYPE)

19. Explain the **Second Class Lever** with a suitable example from sports. (2)
20. Differentiate between **Macro and Micro Nutrients**. (2)
21. Suggest any two **corrective measures** for Round Shoulders or Bow Legs. (2)
22. What is **BMI**? Calculate the BMI of a child whose weight is 72 kg and height is 1.68 m. (2)
23. List any four benefits of physical activities for **Children with Special Needs (CWSN)**. (2)
24. Define **Friction** and mention two types of friction in sports. (2)

SECTION – C (SHORT ANSWER TYPE)

25. Explain the concept of **Talent Identification** and **Talent Development**. (3)
26. Describe the functions of **Vitamin D** and **Vitamin K** and mention their sources. (3)
27. Explain the responsibilities of the **Technical Committee** and the **Marketing Committee** during a sports competition. (3)
28. Elucidate any three **physiological changes due to ageing**. (3)
29. Compare **Hostile Aggression** and **Instrumental Aggression** in sports. (3)
30. Define **Flexibility** and explain methods to improve it (e.g., Isometric, Ballistic). (3)

SECTION – D (CASE STUDIES)

31. Fixture Analysis Case Study:

Scenario: A student organizes a Kabaddi tournament with 11 or 17 teams on a Knockout basis.

Questions:

1. Calculate the total number of matches. (Formula: $N-1$)
2. Calculate the number of Byes. (Formula: Next Power of 2 - N)

3. Identify the number of rounds. (4)

4. Explain the method of "Seeding."

32. Biomechanics/Newton's Laws Case Study: (4)

Scenario: An image showing a ball being caught (stopping motion) or a sprinter starting a race.

Questions:

1. Identify the Law of Motion applied (Inertia, Acceleration, or Reaction).

2. Explain how friction affects the movement of the ball.

3. Define the relationship between Mass and Force ($F=ma$).

33. CWSN Logos Case Study: (4)

Scenario: Images of the Paralympics (Agitos), Special Olympics, and Deaflympics logos are shown.

Questions:

1. Identify the logo for the Special Olympics.

2. Who was the founder of the Special Olympics? (Eunice Kennedy Shriver).

3. What is the motto of the Paralympics? ("Spirit in Motion").

SECTION – E (LONG ANSWER TYPE)

34. Yoga for Lifestyle Diseases: (5)

List four asanas used for the prevention of **Hypertension** OR **Asthma**. Explain the procedure and contraindications of any one of them.

Important Asanas: Tadasana, Katichakrasana, Bhujangasana, Gomukhasana, Mandukasana.

35. Sports Training: (5)

What do you understand by **Circuit Training**? How will a coach plan a circuit training session to develop the fitness of trainees?

OR

Define **Strength** or **Endurance** and explain methods to develop them (e.g., Interval Training, Fartlek Training).

36. Test and Measurement: (5)

Write in detail the procedure and scoring of the **Rikli and Jones Fitness Test** (Senior Citizen Fitness Test).

Key Items: Chair Stand, Arm Curl, Chair Sit and Reach, Back Scratch, 8-Foot Up and Go, 6-Minute Walk.

OR

SAI Khelo India tests for 5-8 years (Flamingo Balance, Plate Tapping).

37. Fixtures & Management:

Draw a **Knock-out Fixture** for 21 teams (or any odd number) mentioning all steps (Byes, Quarters, etc.).

OR

(5)

Draw a **League Fixture** using the Staircase or Cyclic method.
